GENERAL ORDER
NO. 08-04

DESC-R

- I. Authority: By direction of the Director, Defense Energy Support Center (DESC).
- II. Pursuant to the cited authority and effective immediately, the Energy Enterprise Office (DESC-E) organizational changes are as follows:
 - A. The Energy Division I / Army Project Team is renamed the Army Service Division (DESC-EA): Responsible for providing contracting, program management, and technical support to the Army and other Department of Defense (DoD) agencies for the conveyance of on-base utility infrastructure and acquisition of distribution/transmission services on the privatized systems; the acquisition of energy conservation measures, primarily using energy savings performance-based contracts; and supporting other energy-related projects developed on behalf of the Army and other DoD agencies.
 - B. The Energy Division II / Air Force Project Team is renamed the Air Force Service Division (DESC-EB): Responsible for providing contracting, program management, and technical support to the Air Force for the conveyance of on-base utility infrastructure and acquisition of distribution/transmission services on the privatized systems; the acquisition of energy conservation measures, primarily using energy savings performance-based contracts; and supporting other energy-related projects developed on behalf of the Air Force.
 - C. The Energy Division III / Navy/DLA/Special Projects Team is renamed the Energy Projects Division (DESC-EC): Responsible for providing contracting, program management, and technical support to all DoD agencies for the conveyance of on-base utility infrastructure and acquisition of distribution/transmission services on the privatized systems; the acquisition of energy conservation measures, primarily using energy savings performance-based contracts; and supporting other energy-related projects developed on behalf of all DoD agencies.
 - D. Deputy Director/Utility Privatization Program Division (DESC-ED): Directly supports the Director, DESC-E, in managing the DESC Utility System Privatization Program, Energy Savings Performance-Based Contracting Program, and in the planning and execution of other energy-related projects on behalf of the military services. Responsible for providing technical/contracting oversight and direction to all service components and other DoD and civilian agencies for the conveyance of on-base utility infrastructure, both domestic and overseas, the acquisition of distribution/transmission services on those privatized systems; the acquisition of energy conservation measures through energy savings performance-based contracts; and support for other energy-related projects developed and implemented on behalf of all DoD agencies.

III. Detailed mission and functions will be reflected in the DESC Organization, Mission and Functions Manual (DESC 5810.1). This general order authorizes function and personnel realignments as reflected in the attached organization chart.
